

SP-WCH06 Desktop Wireless Charger

Features:

Turning "complex" into simplicity, the 4-in-1 wireless charging one-stop device has four interfaces, which respectively support four types of devices with 4 charging areas for mobile phones, watches, earphones, and apple pencil . The wireless charging bracket can be folded at 60° and is easy to use. It can intelligently and automatic identify equipment content and select current or power for charging. The smart watch is detachable and can be carried separately. It is light, compact, and can be taken away at any time. Never worry that the watch will run out of power. Cumbersome wires are no longer in need, all-in-one charging is convenient and fast.
