

SP-WCH05 Wireless Charger

Features:

The U-shaped arm clip design is firmer, with physical plus induction buttons, and it can also be easily operated even with gloves. It has the function of preventing accidental touch. It will automatically clamp after three seconds of accidental touch, reducing the risk of operating the product during driving. Wave-shaped silicone avoids the buttons of mobile phones so as to prevent problems such as the mobile phone's screen rest after clamping. The innovative rainbow-shaped LED indicator can always remind the charging status, and the charging and filling status can be clear a taglance. The re a r-mounted circulation vents ensure that the charging is not hot, and the loss is minimized. The charging efficiency is greatly enhanced. Long-distance travel will become a smooth travel.

Model: WCH05

Product size: 113*67*50mm

Package size: 115*75*68mm

Material: Plastic ABS+PC+acrylic lens

Input power: 5V/2A 9V/2A

Output power: 15W (MAX)

Wireless charging effective distance: 3 to 6mm

Charging efficiency: $\geq 70\%$

Operating frequency: 110-205KHz

Clip: Knob screw clip(clamp firmly)

Net weight: 135g

Gross weight: 200g

Specification:

item	value
Type	Wireless Charger, CAR CHARGER, Fast Charger
Usage	Mobile Phone
Material	ABS
Function	Qi
Brand Name	SURPASS
Model Number	WCH05
Port	TYPE-C
Input voltage and current	9V/2A, 5V/2A
Output Power	15W
Place of Origin	China
	Guangdong
Input power	5V/2A 9V/2A
Output power	15W (MAX)
Wireless charging effective distance	3 to 6mm
Charging efficiency	$\geq 70\%$

Operating frequency	110-205KHz
Clip	Knob screw clip(clamp firmly)
Product size	113*67*50mm
Material	Plastic ABS+PC+acrylic lens
Net weight	135g
Color	Black
