

SP-WCH10 Wireless Charger

Features:

Foldable multifunctional innovative design, one charger for three wireless charging, which keep the desktop tidy. It can be adapted to the original Apple Watch charging cable, and the bottom opening has a winding groove, which can perfectly store the cable and bid farewell to clutter; at the same time, it can be folded at 180 degrees, which is convenient to carry and save space. The mobile phone is charged as fast as it is when being charged with a shell. Cool and flash current LED lights, visible fast charging status, the rear circulating heat dissipation hole keeps the device cool without becoming hot when charging, which greatly reduces the loss, and the charging efficiency with heat dissipation is stronger. Intelligently-matched fast charging, independent coils which do not affect each other. The smart chip controls trickle charging, and automatically switches the current charging mode when the device is fully charged to protect the safety of the circuit.
