

SP-MU850 Power Amplifier, 850W

Features:

Support MP3/SD/FM/BT , support power-off memory playback. 6 zone volume control, built-in fire alarm function. Over current, over voltage, overheat protection, high temperature, short circuit protection New circuit design, all double-sided PCB boards, SMT production process Standard output 100V/70V constant voltage output and 4-16Ω constant resistance The automatic two-speed temperature-controlled fan is forced to cool and dissipate heat. 3-way microphone input, 1-way microphone has priority 2 AUX inputs, 1 AUX output, support song name display 3 unit signal indication, industrial chassis technology, standard 3U model.

Specifications:

item	value
Brand	Surpass
Product Name	Mixer PA amplifier
Material	Aluminum Panel
Certification	ce
Output Voltage	100V/70V/4Ω-16Ω
Model Number	SP-MU800/1000/1200/1500
Color	Black
Input Terminal	PA Amplifier
Special Feature	single 6.35 plug, female
Line Input	LINE /1.0V
Place of Origin	China
	Guangdong
Connection Type	MP3/SD/FM/BT
Input power	AC230V/50Hz
Dimension	485*443*132mm
